Appreciation is extended to the many educators and researchers who provided information and guidance in the development of this publication, especially the Northwest educators who shared their schools and classrooms. Grateful acknowledgment is given to the review panel for their valuable input: Jane Braunger, Gene Glass, Jane Grimstad, Elaine Meeks, Ed Miller, Anthony Rud, Jr., and Jeanne St. John. In addition, appreciation is extended to Suzie Boss for editorial review and proofreading, Cheryl Krahn for data analysis, and Denise Crabtree for graphic design and production.

The title, *Actual Schools, Possible Practices*, is taken from *Actual Minds, Possible Worlds* by Jerome Bruner, 1986, Cambridge, MA: Harvard University Press.

An earlier version of this paper appeared in *Education Policy Analysis Archives*, 1996, volume 4, number 14. Available online: <http://olam.ed.asu.edu/epaa>

This publication has been funded at least in part with federal funds from the U.S. Department of Education under contract number RJ96006501. The content of this publication does not necessarily reflect the views or policies of the U.S. Department of Education or any other agency of the United States government.
