## Meaningful SLC Goal Statements

Meaningful SLC goals are broad statements based on identified need that reflect a vision and describe long-term changes you want to accomplish. Goal statements should be powerful - you should be able to remember them! **TASK** - With the SLC leadership team:

- (1) Go through your SLC grant proposal and identify your major SLC goal statements. List them on the worksheet below.
- (2) Evaluate the goal statement based on the criteria. Rewrite your SLC goal statement, if needed, to adhere to the criteria.
- (3) Make sure to identify the need this goal is addressing.
- (4) Develop two to five goal statements. Have two to three student outcome goals and one to two program implementation goals.

<b>Documented Need:</b>				
	<b>Based on needs?</b>	<b>Reflects a vision?</b>	<b>Describes long term change?</b>	<b>Easy to recall?</b>
<b><u>Student Outcome</u> Goal Statement (from SLC Proposal)</b>				
<b>Revised Goal Statement (if needed):</b>
